Organizer and Host: One World Conservation Center

To Register: Call the Center at (802)447-7419 or email info@oneworldconservationcenter.org for further details.

You may also send your check directly to: **One World Conservation Center, P.O. Box 4715, Bennington, VT 05201**

Don't miss this workshop!

Join us for a fun and fact-filled Power Point show illustrated with stunning original photography by naturalist and Keeping Track's director, Susan Morse. Bring the children! There will be lots of opportunities for them to hear animal calls and maybe make a few themselves. Plan to learn about our wild neighbors, including whitetail deer, moose, bobcat, Canada lynx, black bear, river otter, mink, fisher, coyotes and the foxes. Other animals of interest to all of us include wolf, coyote and cougar, otherwise known as the catamount. There will also be a full-day field workshop with Susan at the Greenberg Reserve the following day. During this field outing you will discover and interpret wildlife sign and learn why wildlife depends on healthy, conserved habitat for successful survival.
